## FACT SHEET

### California Counties with the Most LVNs

Counties	# of LVNs	Total Population
Los Angeles	28,998	10,241,335
Riverside	7,838	2,347,828
San Bernardino	7,676	2,139,570
San Diego	7,237	3,288,612
Orange	7,070	3,183,011
<b>Total</b>	<b>58,819</b>	<b>21,200,356</b>

# LICENSED VOCATIONAL NURSES

LVNs provide basic, bedside nursing care for sick, injured, convalescing, elderly, and physically or mentally disabled persons. They typically work in a health care team under the direction and supervision of a physician or registered nurse and develop their skills in medical-surgical, maternity, and pediatric nursing. LVNs observe patients, perform basic assessments, and report and document changes in a patient’s condition. They also measure vital signs, perform medical treatments, and administer prescribed medications. LVNs may collect samples and perform routine laboratory tests, feed patients, and record food and fluid intake and output. Some help deliver, care for, and feed newborn babies. Some LVNs perform intravenous therapy or blood withdrawal.
